Supply Market Analysis
Increase Savings through Efficient Sourcing, Risk Mitigation & Contract Compliance

WHY CHOOSE THIS TRAINING COURSE?

This highly-interactive training course will give you the supply market analysis tools, resources and best practices you require to understand the marketplace in which suppliers conduct their business. A supply market analysis study provides insights about your supplier’s industry.

The analysis enables organisations to develop a detailed understanding of key trends, major players, and overall market dynamics that could influence the development of the commodity strategy e.g. route to market, letting strategy. Supply Market Analysis gives an organisation a competitive advantage in the marketplace and significantly reduces overall procurement costs.

This training course will feature:

- Overview of the supplier’s market
- Financial analysis of the suppliers
- Analysis of strengths, weaknesses, opportunities and threats (SWOT) for each supplier
- In-depth analysis of the supply, demand and cost drivers impacting the supply market
- Recommendations for sourcing decisions
